Brooklyn, NY.

Stinkdigital » Stink Studios Dec. 2014 – Present

Senior Creative Technologist » Technical Director
Client facing as well as managing the development team on project basis. Also responsible for source code contribution, pitch work and prototypes.

HUGE Oct. 2013 – Nov. 2014

Design Technology Lead
Worked within the UX Department to bridge the gap between Design and Development. Made ideas into prototypes for finished products. Engaged at the pitch and concepting phases of projects as well.

Thomson Reuters July 2012 – Oct. 2013

Design Tech Director
Was tasked to work on a complete overhaul of the digital platform for reuters.com. Responsible for front-end development of the Reuters Next platform, built interactive concepts (on iOS and web), pitched to prospective partners. Oversaw teams in both the USA and UK. Entire project was abruptly cancelled.

Stinkdigital Dec. 2010 – July. 2012

Senior Developer
Built and led development of digital advertising campaigns for international brands. Partnered with recognized advertising agencies, and film directors. Received multiple accolades and international recognition. Also contributed with pitches, client facing meetings, and prototyping.

Noise New York Oct. 2007 – Nov. 2010

Interaction Designer » User Interface Director
